

WOELL MARINE IS HIRING!

We are looking for an motivated

service engineer (m/f/d)

for fire fighting systems and life saving appliances to join our friendly team at the Braak near Hamburg.

Your tasks will include the service, maintenance and repair of various safety equipment such as life saving appliances, portable and fixed fire fighting systems on merchant marine vessels and yachts. You will also be the primary contact person for our customers regarding fire fighting services and systems.

Your main area of operation will be Germany and its neighboring countries, but there will also be assignments in other ports in and outside Europe.

WHAT WE EXPECT FROM YOU

- Experience in the shipping industry as a workplace
- Experience in working with portable fire fighting equipment and fixed systems (e.g. water mist systems, CO₂ systems etc.)
- Experience in working with life saving appliances desirable, but not mandatory
- Knowledge of internationally applicable regulations concerning safety on commercially operated ships
- Good English language skills
- Willingness to work overtime, weekends and holidays whenever necessary
- Citizenship of an EU country or permit for permanent residence-EU

WHAT YOU CAN EXPECT FROM US

- An exciting task in an international industry
- An open-minded, friendly and motivated team.
- Participation in the development of new business areas
- Trainings at manufacturers
- A performance-related payment
- Flexible working times
- Social benefits

If you feel attracted to us, we look forward to receiving your complete application documents soon!
